Great American's Ocean Marine Emergency Management Team is ready on a 24-hour basis to manage and contain hazardous material spills. Cost containment and reduction of potential long-term liabilities while providing superior cleanup response are Great American's Oil Pollution Cleanup Program strengths.

Control of Fines & Penalties

The single largest cause of fines and penalties is failure to properly report an incident to the myriad of Federal and State agencies responsible for spill oversight. When a spill is reported to Great American's Central Command System we minimize your exposure by advising you of the proper spill notification procedures for the location of the event.
